I support uber in SC. It provides convenient & reasonable transportation. Current taxi fares w/ tip to/from MYR are ridiculous & need some competition. I have used uber in Seattle & Los Angeles & have been very satisfied. Thank you.

I have used Uber in SC and several other states, and find the service to be reliable and safe. In fact, Uber has much more information regarding which driver picked up a rider than a typical cab company, offering a degree of accountability not found in conventional taxi service. Your move to ban Uber is a disservice to the citizens of SC. Please reconsider this decision.

Thank you.
